3. DD/S has approved [REDACTED] as a permanent site.

4. Project Review Committee is being requested for funds plus A & E for the administration building.

5. DD/S will use all people in his complex to fill support jobs, regardless of designation. He is going to attempt to eliminate the Logistics, Support, etc. classifications. His plan is to make them all DD/A.

6. No JOT's are going to the DD/S complex. This is all our fault because of our history of poor handling of JOT's in the past. DD/S addressed himself directly to the Office of Logistics and to the Finance representative and stated that they had JOT's who appear to be mis-assigned. He directed that each place these JOT's in positions commensurate with their training and reported abilities.

8. Staff agents employed in non-official cover activities will receive the benefit of a new proposal just approved by the DD/P which extends to them a differential to cover their expenses in the field. In the past this has been a source of considerable trouble, annoyance, correspondence, and difficulty between the staff agent, General Counsel, and the Finance Office.

9. Another proposal which is being considered by the DD/S is the establishment of a Career Panel for staff agents.

10. SR Division has a program for this summer which involves a considerable number of legal travelers that they have developed for travel in the USSR. They desire support and assistance from personnel presently on duty with the Agency to take temporary duty with the SR Division to assist in this program. There was no request for names.

11. The magazine, ANTIOCH, The Review, Winter Edition, 1958, will be procured by the library. It is recommended that people in training read it. It deals with Americans abroad, as depicted by U. S. representatives. LAS will get six copies. OS will get some. We should get one, to be returned to OS.
